Ujooru Mudrady Post, Karkala Taluku, Udupi District-576112

SUMMARY

As a dedicated engineering student with a passion for data science and a keen eye on emerging technologies, I am actively seeking a software engineering position to leverage my strong technical background and contribute to the advancement of innovative solutions.

EDUCATION

B.E - Computer Science & Engineering Mangalore Institute of Technology & Engineering,	2020-2024 CGPA:7.15
Senior Secondary (12th) Government Pre University College Hiriadka.	2019-2020 Percentage:71.33
Secondary School (SSLC) M N D S M Aided Highschool Mudrady.	2017-2018 Percentage:86.40

SKILLS

Languages	C++, Java.
Interface	HTML,CSS
Database	SQL.
Technologies	Web Development.
Tools	MYSQL, Visual Studio Code, Android Studio.

PROJECTS

Personal Portfolio   June 2023

Technologies: HTML, CSS, JAVASCRIPT.

Developed a personal portfolio website using HTML, CSS, and JavaScript, showcasing my skills and projects with animated features. Leveraged technical expertise to create an engaging and visually appealing user experience. Implemented dynamic elements to highlight personal information and past works.

Food Ordering site   September 2023 Present | group of 6

Technologies: HTML, CSS, JavaScript, node.js.

Developed a dynamic website for a college canteen utilizing HTML, CSS, and JavaScript, integrating features for menu display, online ordering, and payment processing. Implemented responsive design techniques to ensure accessibility across multiple devices. Demonstrated expertise in front-end web development and user experience optimization.

Dentest Detection Condition System

Technologies: Python, Html, CSS, Firebase, flask.

Early detection of dental conditions is crucial for maintaining dental health and preventing complications. Dentists may miss visually subtle tooth-related diseases, leading to delayed treatment. This model aims to detect dental conditions early through real-time X-ray analysis, shortening treatment planning time and reducing misdiagnosis.

INTERNSHIP

DLITHE CONSULTANCY SERVICES PVT LTD   AUG 2023

Title: Full Stack Web Development.

Technologies: HTML, CSS, Firebase, PHP.

Developed a responsive Car Rental System using HTML, CSS, PHP, and Firebase. Implemented secure user authentication, real-time database management, car browsing, booking management, and an admin panel for efficient car listing updates. Enhanced user experience and optimized server-side operations for seamless functionality.

COURSES & VIRTUAL EXPERIENCE PROGRAMS

- Introduction to Project Management on Aug 03 2022.
- Basic of Python on Aug 03 2022.
- AWS Services for Solutions architect Associate on June 10 2023.

TECHNICAL ACTIVITIES & WORKSHOPS

- Participated in code var conducted by core MITE, 2021.
- Participated in Codekaze conducted by CODING NINJAS, JUNE 2023.
- Participated in UI/UX design workshop conducted by core MITE, 2021.

EXTRA CURRICULAR & HOBBIES

- Member of Computer Society of India, 2021-2022.
- Playing Cricket.
- Playing online Suduko game in mobile.
- Cycling
